Tonight we welcom e Trowbridge Town players and officials for this, our second friendly. Trowbridge include two new signing,s, T.Bryne from Hereford United, who is an Irish International, and M.Gilligan, a signing from Whitney Town. Trowbridge Town are one of those clubs who know all about the ups and downs of Football life. They had a bad financial spell only a few years ago, when everything seems to go wrong, even their Bar was burnt down, but now there are big plans for their Frome Road ground, and congratulations must go to their Board and staff for the fight back.

Mr. Moore represented our Club at a further Alliance meeting yesterday, a crack of dawn journey to Coventry underlining the efforts that have to be made by Clubs in the Alliance. Another meeting that spelt out the terrific progress made by this League, without, as yet, a ball being kicked in it. We are not allowed to report the facts from this meeting, but as released by a Midland paper, the Football League will be in charge of fixtures, and this being so, itsperhaps worth a small thought that after all the efforts your Club has made through the years, this season we report to Lytham St. Annes on the result of our matches- perhaps sounding a small thought, but to the Chairman and Board who travelled all those hundreds of miles, with returns in the early mornings, it does make a point. The Club will be placing more of the younger players on contract this season, it is then up to them what progress is made, so please support the lads in their Western League fixtures. It is a point but the writer can still remember standing in a 3500 crowd, since the War, watching the Yeovil reserves Trowbridge Western League game when Trowbridge were steaming in for their usual Western League title.

Yeovil Town		Trowbridge Town
